- Box lunches will be handed out before departure
- Plan to return to hotel at 5:15 P.M. after Hawks Prairie Field Trip (Part 2)

Map and Bus/Van Stops

Satellite Map

Lacey and Olympia are partners in the Woodland Creek Groundwater Recharge Facility, an approximately 5-acre facility that infiltrates reclaimed water from the Martin Way Plant to replenish groundwater and stream flows in nearby Woodland Creek Community Park. The facility consists of 4.7 miles of underground infiltration chambers approximately 3 feet under the ground, where the surface is maintained as a grass field.
